

**The Mount of Olives or Mount Olivet** is a mountain range east of Jerusalem's "Old City." It is named for a group of olive trees that covered mountain slopes.

Olive trees are mentioned in the Bible- Noah received an Olive leaf from a released dove: **Genesis 8:11:**

"When the dove returned to him in the Evening, there in its beak was a freshly Plucked olive leaf! Then Noah knew that the water had receded from the earth."

**An olive branch** Symbolized the flood's end.

Olive branches may be associated with peace.

The term to "extend an olive branch"

May refer to extending an offer of peace or reconciliation.

**Revelation 11: 4** refers to olive trees: "There are the two olive trees And the two lampstands and they stand before the Lord of the earth."

"But I am like a green olive tree flourishing in the house of God; I trust in God's unfailing love for ever and ever." **Psalms 52:8**

Olive trees may live to be "old"- Over 500 years. Olive oils are referenced in the Bible. Oils were used to light lampstands and pressed olive oils were for cooking. Olive groves are "native"

To the Holy Land, and found in Regions with Mediterranean climates. Olives are grown in the US: Alabama, Arizona, California, Florida, Georgia, Hawaii, Oregon, and Texas. The Garden of Gethsemane, near The Mount of Olives was and still is a site for olive trees.
