GIS (Geography Information System) Geography Map of Wisconsin Lakes & Rivers

Genesis 1: 1 & 2 KJV 1 "In the beginning God created the heaven and the earth. 2 The earth was without form ..And the spirit of God moved upon the face of the waters."

Our state is "competitive" with neighboring States-Michigan & Minnesota re. inland lake statistics. Depending on terminologies used to "define a lake," "Wisconsin has more than 15,000." Google WI DNR (.gov)

Our Lake Country area has many lakes. "Wisconsin is bordered to the north and east by Lakes Superior & Michigan. Waukesha County's Lake Country contains all or portions of 33 'major lakes' with a surface area of about 13,000 acres." **Source: Google** "Pine Lake is a 711 acre lake with maximum depth of 85 feet, in close proximity/north of Lake Country Bible Church and Highway 16. Fish include: Bass, Northern Pike, Panfish, and Walleye." Source: Wisconsin Lakes Waukesha County
